What?
How?
Why?
Impact
Value

analyse: means look at something in close detail or at word level.

evaluate: means critically assess or judge the value, significance, or quality of something.

... establishes from the outset ...

... indicates a feeling of ...

... suggests that perhaps ...

... implies that ...

... for example ... “evidence”

...this is effective because ... so that ... but also ...

... the impact of this is ... so that ...

... is influenced by the context because ...

... the impact on the audience is ...

... this reinforces the idea ...

... conveys to the audience ...

I believe ...

In my opinion, ...

We are led to believe that ...

We are persuaded that ...

The audience are led to believe ...

It is worth noting that ...

Could this perhaps ...
